## Disasters:

### Declaration Number

FEMA-4332-TX

## Narratives

### Disaster Damage:

In 2017, communities that had not yet had a chance to fully recover from the 2015 and 2016 floods were impacted again. Hurricane Harvey, a regenerated tropical depression, made landfall on August 25, 2017, as a Category 4 hurricane, bringing with it extreme wind gusts and, in some places, up to 60 inches of rain in 5 days. The hurricane caused catastrophic flooding and at least 82 human fatalities, due in part to the weather system stalling over the Texas coast. The windspeeds recorded over South Texas may have been underestimated, especially near the coast and close to the eyewall of Hurricane Harvey, as many observation stations were disabled prior to landfall of the eye of the hurricane. However, a peak wind gust of 150 mph was reported near Rockport. Hurricane Harvey made landfall twice and is viewed by many as three separate events: the initial landfall in Aransas County; unprecedented rainfall in the Houston metroplex and surrounding areas; and the second landfall on August 29, 2017, in southeast Texas near the cities of Orange, Beaumont, and Port Arthur. These events caused not only wind damage, but also widespread flooding. The 49 CDBG-DR eligible counties affected by Hurricane Harvey cover 15 percent or 39,496 square miles of land area in the state and contain approximately 32 percent of the state's population. The land area affected is roughly the size of the state of the Kentucky. Nearly 8.9 million Texans live in the affected counties. By the time the rain stopped, Hurricane Harvey had dumped almost a year's worth of rainfall in just a few days. So much rain fell during the hurricane that the National Weather Service had to update the color charts on their graphics in order to effectively map it. Two additional shades of purple were added to represent rainfall totals for 20-30 inches and "greater than 30 inches" ranges.

### Recovery Needs:

Recognizing the state's long and well-documented history of flooding, hurricanes, wildfires, and droughts, as well as its ongoing efforts to mitigate future disaster effects in its most vulnerable areas, the GLO continues its commitment to rebuilding while prioritizing resiliency. In assessing unmet needs, it is important to consider the additional costs of safeguarding housing and community infrastructure investments from future disasters. As such, Texas will not only assess projects and consider state-run programs that replace or repair lost property but will also seek to invest resources in efforts that promise to mitigate damage from a wide range of future disaster types. Although this can increase costs initially, mitigating efforts can greatly reduce the cost of future damages. The success of this long-term recovery practice was seen firsthand during Hurricane Harvey. Resilient-enhanced projects from previous CDBG-DR efforts suffered less damage from Hurricane Harvey: construction projects designed to prevent future flooding, mitigate further loss, and decrease evacuation times. Single family home resiliency solutions are expected to add approximately 10 to 15 percent to the total cost per home; multifamily resiliency solutions add 15 to 20 percent to the total cost per project; and infrastructure resiliency solutions add 15 to 20 percent to the total cost per project. Resiliency solutions are varied and dependent on the respective area's Threat and Hazard Identification and Risk Assessment (THIRA). Single family home resiliency solutions may include elevating the first floor of habitable area; breakaway ground floor walls; reinforced roofs; storm shutters; use of ENERGY STAR appliances and fixtures; and mold and mildew resistant products. Multifamily resiliency solutions include elevation; retention basins; fire-safe landscaping; firewalls; and landscaped floodwalls. Buyout programs support hazard mitigation, floodplain management goals, and resiliency by removing homeowners from the floodplain, thus eliminating vulnerability to future flooding situations. After homes are purchased, the structures are demolished or relocated. The land reverts to a natural floodplain, converts into a retention area, or is retained as green space for recreational purposes. The buyout option serves multiple objectives and provides a resiliency option versus rebuilding within a floodplain. Buyouts help prevent repetitive loss and extreme risk to human health and safety. Buyouts conducted sooner rather than later prevent homeowners from making repairs and investing funds in properties that they then may not want to sell. In the case of infrastructure resiliency solutions, improvements may include:

- Elevating critical systems, facilities, and roadways above base flood elevation;
- Installing backup power generators for critical systems (water, sewer, etc.);
- Avoiding an increase in impervious cover by keeping projects in their original footprint and encouraging the use of building

practices that allow for more pervious coverage, when possible;

- Replanting with only native vegetation to preserve the natural environment;
- Installing retention basins, larger culverts and debris guards, erosion control solutions, and back-up communication systems; and
- Supporting local community efforts to enhance building codes and regulations

The resiliency multiplier will be a standard 15 percent for both housing and infrastructure activities to calculate unmet need, as has previously been applied in other Texas CDBG-DR programs.

## Overall Progress Narrative:

### OVERALL NARRATIVE

In the reporting period, all programs are continuing the closeout process, collecting all documents and monitoring ongoing compliance. There are minor budget adjustments expected to occur in the following quarter to align with all final payments and actuals expensed with the expectation the full grant award will be disbursed. Reporting beneficiaries will continue in DRGR as this data is collected.

#### Harris County - Voluntary Buyout Program

The Voluntary Buyout Program is in the closeout phase and is pending the finalization of the Grant Closeout Report. In total, Harris County completed thirty-seven (37) voluntary buyouts and twenty-one (21) relocations. The Voluntary Buyouts occurred in the Rio Villa target area as well as other designated flood areas within Harris County. Under this program, there were nine (9) activities including acquisition (LMI and UN direct benefit; LMI and UN area benefit), relocation (LMI and UN), housing incentives (LMI and UN), and homeownership (down payment) assistance (LMI).

#### Harris County - Mandatory Buyout Program

The portion of the Mandatory Buyout Program funded by the Harvey \$57M allocation is in the closeout phase and is pending

the finalization of the Grant Closeout Report. In total, Harris County completed eleven (11) buyouts, including two (2) MHU parks, and thirty-six (36) owner and tenant households were relocated. The acquisition activity is dually funded with Harvey 5B Mandatory (Involuntary) Residential Buyout Program and beneficiaries under the acquisition activity will be reported under the Harvey 5B activity number (HCBP\_DA\_LMI\_19-147-002-B490\_ACQ). Under this program, there were three activities: HCBIV[57M]\_DA\_LMI\_18-495-000-B220\_ACQ, HCBIV[57M]\_DA\_LMI\_18-495-000-B220\_RA, and HCBIV[57M]\_DA\_LMHI\_18-495-000-B220\_HI which provided funds for acquisition, relocation, and housing incentives.

**Harris County - Affordable Rental Supplemental Program**

The Affordable Rental Supplemental Program is in the closeout phase and is pending the finalization of the Grant Closeout Report. In total, Harris County completed one multifamily project with two hundred eighty-eight (288) units of which two hundred eighty-six (286) units are for LMI households.

**Activity Description:**

Harris County will offer buyout assistance under the voluntary buyout program for residential properties in the Rio Villa target area. Assistance will be provided to property owners who are located in the target area and who agree to relocate to areas of reduced flood risk. This will be considered an area benefit as the County has designated target areas to buyout repetitively flooded properties and to use these areas as green or open space for flood control structures and water retention areas. The County estimates it will acquire approximately 22 sites and 10 housing units under this activity. This activity will meet the low to moderate income national objective.

**Location Description:**

Activities shall take place in Harris County in the Rio Villa target area.

**Activity Progress Narrative:**

During the reporting period, the GLO reimbursed costs associated with acquisition for five (5) households within the target buyout area, and costs associated with delivering the Buyout Program.

**Activity Description:**

Harris County will provide relocation assistance activities for beneficiaries of the voluntary residential buyout program who are located in a floodplain or reside in a repetitive flood area. These activities will serve LMI beneficiaries whose properties were acquired in the Rio Villa target area as well as the other designated flood areas and is estimated to serve approximately 17 beneficiaries. These activities will meet the low to moderate income national objective.

**Location Description:**

Activities shall take place in Harris County. Zip Codes 77001 - 77009, 77011-77096, 77098-77099, 77336, 77338-77339, 77345, 77346, 77357, 77365, 77373, 77375, 77377, 77379, 77383, 77388, 77389, 77396, 77401, 77411, 77413, 77429, 77433, 77447, 77449, 77450, 77477, 77479, 77484, 77489, 77491, 77493, 77494, 77502 - 77508, 77520 - 77521, 77523, 77530, 77532, 77536, 77546, 77547, 77562, 77571, 77572, 77581, 77586, 77587 and 77598.

**Activity Progress Narrative:**

During the reporting period, the GLO reimbursed costs associated with relocation assistance for seven (7) households, and costs associated with delivering the Residential Voluntary Buyout Program.

**Activity Description:**

Harris County will offer buyout assistance under the voluntary buyout program for residential properties in the target area. Assistance will be provided to property owners who are located in the target area and who agree to relocate to areas of reduced flood risk. This will be considered an area benefit as the County has designated target areas to buyout repetitively flooded properties and to use these areas as green/open space for flood control structures and water retention areas. These activities will meet the urgent need national objective.

**Location Description:**

Activities shall take place in Harris County. **Activity Description:**

Harris County will offer an Affordable Rental Program: Supplemental that will provide units for LMI households. The Affordable Rental Program is designed to provide funds for new construction of affordable multi-family Housing projects in areas impacted by Hurricane Harvey. The activity will occur at the Richcrest Apartments. This activity will meet the low to moderate income national objective.

**Location Description:**

Development must be located within Harris County. Subrecipient shall carry out the following Housing Activities in Harris County in strict accordance with the terms of Subrecipient’s approved Affordable Rental Program Guidelines, the Contract, and all Attachments, whether attached physically or incorporated by reference. This activity will take place at the Richcrest Apartments at 540 Richcrest Dr, Houston, TX, 77060.

**Activity Progress Narrative:**

During the reporting period, the GLO reimbursed Harris County for costs of completing the Richcrest Apartments development.
