

Grantee: Texas - GLO

Grant: B-16-DH-48-0001

October 1, 2020 thru December 31, 2020

Grant Number: B-16-DH-48-0001	Obligation Date:	Award Date:
Grantee Name: Texas - GLO	Contract End Date:	Review by HUD: Submitted - Await for Review
Grant Award Amount: \$74,568,000.00	Grant Status: Active	QPR Contact: No QPR Contact Found
LOCCS Authorized Amount: \$74,568,000.00	Estimated PI/RL Funds: \$0.00	
Total Budget: \$74,568,000.00		

Disasters:

Declaration Number

FEMA-4223-TX
FEMA-4245-TX
FEMA-4272-TX

Narratives

Disaster Damage:

In 2015 Texas had two separate events that qualified for appropriation under Public Law 114-113. Both events resulted from heavy rains and winds that caused severe damage across nearly half the State or 134,000 square miles. The May event (DR-4223), also known as the Memorial Day Floods, occurred May 4 to June 23, 2015, and resulted in a declaration for 113 counties across Texas. The event in October (DR-4245) occurred October 22 to October 31, 2015, and resulted in a declaration for 22 counties. In total, 116 counties were impacted by these disasters, with 19 counties being designated as impacted by both disaster declarations. During the first part of May, many locations across the State received well above normal rainfall that saturated the soils. When the Memorial Day weekend arrived, much of the region was at least 2-4 inches (100-300%) above average. These conditions meant that new rain would become run-off directly into rivers, streams, and flash flood prone areas. Certain areas of Texas saw more than 20 inches of rainfall in a matter of days. In total, about 8million acre feet of water flowed into the State's reservoirs. Central and eastern Texas were also hit by dangerous flooding in October of 2015 when rainfall patterns converged with remnants of Hurricane Patricia. In total 22 counties were part of this disaster declaration (DR-4245). GLO-CDR estimates a combined loss of over \$2 billion in unmet long-term recovery needs when considering the impact of the multiple disasters suffered by Texas in both 2015 and 2016. The Texas counties impacted by these floods represent 76 percent of the Texas population, or 20.9 million people - a total population greater than that of 48 states.

Recovery Needs:

The State's unmet need for non-housing totals \$69,689,983 and increases to \$80,143,480 when including a resiliency multiplier of 15% (\$10,453,497). The data for housing unmet needs comes from TDEM and the National Emergency Management Information System (NEMIS) database. The State's unmet need for housing totaled \$69,440,104. This figure increases to \$79,856,120 when including the resilience multiplier of 15% (\$10,416,016). Unmet need as identified by the Small Business Administration (SBA) is \$132,391,924 for housing and \$23,218,266 for businesses. Per FEMA and SBA data, unmet need for the state of Texas totals \$315,609,790. These estimates are only looking at FEMA IA and PA estimates and SBA estimates and do not take into consideration lost property valuation, sales tax revenue, unemployment, agricultural losses, and loss of tourism revenue. Recognizing the State's long and well-documented history of flooding, as well as its ongoing efforts to mitigate future flooding in our most vulnerable areas, the State is committed to rebuilding resiliently. In assessing unmet needs, it is important to consider the additional costs of safeguarding housing and community development investments from future disasters. GLO-CDR estimates a combined loss of over \$2 billion in unmet long-term recovery needs when considering the impact of the multiple disasters suffered by Texas in both 2015 and 2016.

Most Impacted and Distressed	\$35,792,640.00		\$4,840,204.94

Overall Progress Narrative:

Budget amount changes for quarter total \$79,335.03.
 Obligation amount changes for quarter total \$79,335.03.

AFFORDABLE RENTAL PROGRAMS

There are 3 projects all under construction, all have suffered delays to completion timelines due to COVID-19. However all 3 projects anticipate construction completion in Q1 2021.

The 4th project is currently undergoing Environmental review by GLO prior to AUGF issuance.

HOUSING & INFRASTRUCTURE

63 Grantee draws approved for a total of \$7,810,093.09
 6 grant completion reports are under review
 Construction is underway for 21 infrastructure projects

Measure Description - Q4

Environmental Underway - 0
 AUGF issued (Authority to use grant funds) - 3
 Construction Underway - 2
 Construction Complete - 0
 Closed Out Underway - 4

Activity Description:

The Subrecipient will provide homeowner repair, reconstruction, elevation, and new construction activities for Low to Moderate Income (“LMI”) individual households affected by 2015 Floods to meet the National Objective of LMI. Project Delivery and Administration costs will not exceed ten (10%) and two percent (2%), respectively, of the total grant allocation. An environmental review must be conducted at all locations prior to the execution and commencement of work. The Subrecipient will provide homeowner rehabilitation and reconstruction assistance activities for an estimated thirteen (13) households. Subrecipient shall conduct inspections on all Housing Units as follows: (1) foundation, including elevation certification when building in a floodplain; (2) rough-in (mechanical, plumbing, and electrical); (3) structural; (4) insulation; and (5) a final inspection; to meet the International Residential Code 2012, or the Local, County, State, or Federal Code whichever is most stringent (if applicable windstorm requirement).

Location Description:

Construction shall take place in the Newton County area.

Activity Description:

Subrecipient will conduct drainage infrastructure improvements to facilitate proper storm water conveyance and reduce the impact of future flooding. Subrecipient shall construct an all-weather access road and associated embankment; install concrete slabs, quick-connect assemblies, PVC piping, intake structures, outfall structures, levee protection structures, a stationary diesel pump, and inlets to connect to existing storm sewer; improve/widen one (1) detention pond; and complete associated appurtenances. These Activities shall benefit two thousand eight hundred eighty-five (2,885) persons. Of these persons, two thousand one hundred eighty-five (2,185), or seventy-five and seventy-three hundredths percent (75.73%), are of low to moderate income. Improvements include 4,000 linear feet and Seven (7) Public Facilities.

Location Description:

Construction shall take place at the following locations on the south side of Sebastian and southwest of Santa Monica. Detention Pond Widening - East Paulin Street from Daisy Road to 750 feet East of Mesquite Road, 26.350289, -97.777537. Quick Connect #1 - Levee Road 1, 26.341983, -97.625968. Quick Connect #2 (Pump Station) - Between FM 1018 and Levee Road 1, 26.363678, -97.578900. Quick Connect #3 - Between FM 1018 and Levee Road 1, 26.365445, -97.574042. Inlets #1 - On North West Avenue and 6th Street, 26.344724, -97.796905. Inlets #2 - On South West Avenue and Broadway, 26.347580, -97.796920.

Activity Progress Narrative:

During the reporting period, Willacy County had construction underway for its flood and drainage improvements project. \$1227.73 - Payroll Allocations

Activity Description:

Subrecipient will conduct drainage infrastructure improvements to facilitate proper stormwater conveyance and reduce the impact of future flooding. Subrecipient shall remove asphalt pavement; excavate and seed/fertilize the project area ditches; install reinforced storm sewer pipe, curb inlets, culverts, and outfall structures; remove and apply asphalt and concrete pavement; and complete associated appurtenances. These activities shall benefit one thousand five (1,005) persons, of which nine hundred twenty-five (925), or ninety-two percent (92%), are of low to moderate income. Improvements total ten thousand two hundred ninety (10,290) linear feet.

Location Description:

Construction shall take place at multiple locations in the northeast quadrant of the city. East 6th Avenue - North 6th Street/Railroad to South 4th Street, 32.095183, -96.458254. South 4th Street - East 6th Avenue to East Collin Street, 32.096203, -96.457213. East Collin Street - South 4th Street to South 3rd Street, 32.096846, -96.456940. GW Jackson Avenue - North 3rd Street to North 2nd Street, 32.098002, -96.457091. East 3rd Avenue - North 2nd Street to North 1st Street 32.100537, -96.456865. Alley between Collin & Jackson - North Frey Street to North Powell Street, 32.100365, -96.451123. Irene Avenue - N. Powell Street to North of Irene Avenue, 32.101756, -96.449117. East 1st Avenue - North 5th Street to North 3rd Street, 32.101095, -96.460605. North 3rd Street - East 1st Avenue to GW Jackson Avenue, 32.099743, -96.458373. North 4th Street - East 3rd Avenue to GW Jackson Avenue, 32.097959, -96.458416. North 2nd Street - GW Jackson Avenue to East 6th Avenue, 32.097488, -96.455616. North Benton Street - GW Jackson Avenue to East Collin Street, 32.098404, -96.453789. North Frey Street - GW Jackson Avenue to East 6th Avenue, 32.099249, -96.452030. North Washington Street - GW Jackson Avenue to Alley between Collin & Jackson, 32.099672, -96.451214. North

Powell Street - GW Jackson Avenue to East 6th Avenue, 32.100167, -96.450227. North Parham Street - GW Jackson Avenue to Alley between Collin & Jackson, 32.100919, -96.448752. East Collin Street - North Powell Street to South Parham Street, 32.100358, -96.449846.

Activity Progress Narrative:

During the reporting period, the City of Corsicana completed construction and submitted the COCC and FWCR for its flood and drainage improvements project. \$1095.39 - Payroll Allocations
